Animal Weapons: The Evolution of Battle by Douglas J ...

In *Animal Weapons: The Evolution of Battle*, Douglas Emlen explores the different weapons and competitions that exist in the animal kingdom. Emlen lays out the conditions that lead to the evolution of weapons and arms-races in a species, examines their effects and consequences on that populations, and then draws parallels to the evolution of weapons and warfare among humans.

## Animal Weapons: The Evolution of Battle by Douglas J. Emlen

Every animal relies on a weapon of some kind—cats have claws, eagles have talons, even the dogs we keep as pets have a respectable set of teeth. In rare cases, we find species whose weapons have become stunningly outsized, some with tusks so massive that those who wield them look like they should collapse under the weight.
