Rilke's timeless letters about poetry, sensitive observation, and the complicated workings of the human heart. Born in 1875, the great German lyric poet Rainer Maria Rilke published his first collection of poems in 1898 and went on to become renowned for his delicate depiction of the workings of the human heart. Drawn by some sympathetic note in his poems, young people often wrote to Rilke with their problems and hopes. From 1903 to 1908 Rilke wrote a series of remarkable responses to a young, would-be poet on poetry and on surviving as a sensitive observer in a harsh world. Those letters, still a fresh source of inspiration and insight, are accompanied here by a

but the poet's words will captivate anyone who wishes to take a deep look at life -- and at themselves. Letters to a Young Poet, one of the best-loved books among writers even today, contains Rilke's wise, nurturing missives to another aspiring young writer, Franz Xaver Kappus, who looked to Rilke for spiritual and creative guidance. Rilke's response turned the questioner's gaze around to point within himself in the quest for answers to life and art's big questions. Rilke rejects any reliance on others to validate one's artistic endeavors. He believed writing is an inner journey, a slow process of self-discovery. Yet the poet also encourages Kappus to observe his own life and surroundings to find his subject matter and inspiration. The poet must transform the everyday reality that's all around him.

Young Poet ” is an essay by Virginia Woolf. Written in epistolary form, it is a response to the writer John Lehman's request for Woolf to explain her views on contemporary poetry. A fascinating insight into the mind of one of England's greatest feminist writers not to be missed by fans and collectors of her seminal work.

Adeline Virginia Woolf (1882 – 1941) was an English writer. She is widely hailed as being among the most influential modernist authors of the 20th century and a pioneer of stream of consciousness narration. Woolf was a central figure in the feminist criticism movement of the 1970s, her works having inspired countless women to take up the cause. She suffered numerous nervous breakdowns during her life primarily as a result of the deaths of family members, and it is now believed that she may have suffered from bipolar disorder. In 1941, Woolf drowned herself
