Darunter sind Songs wie die unvergesslichen "I dreams come true", "Blue Lou", "Stompin' at the Savoy" und "Don't be that way". Vor allem die letzten beiden sind sp ä ter ironischerweise durch Benny Goodmans Band bekannt geworden. Besonders gut gef ä ll mir auch "Let's get together" mit seinem Call and Response-Chorusen des Bi ä sersatzes.

Draws on interviews with Norma Miller to present a first-person account of the childhood and early career of the famed jazz dancer who was one of the original performers of the Lindy Hop.

The dancer and choreographer chronicles her life and provides a history of the Savoy Ballroom in Harlem and its influence on American culture.

In the early days of swing dancing, Frankie Manning stood out for his moves and his innovative routines; he created the "air step" in the Lindy hop, a dance that took the U.S. and then the world by storm. In this fascinating autobiography, choreographer and Tony Award winner (Black and Blue) Frankie Manning recalls how his first years of dancing as a teenager at Harlem's Savoy Ballroom led to his becoming chief choreographer and a lead dancer for "Whitey's Lindy Hoppers," a group that appeared on Broadway, in Hollywood musicals, and on stages around the globe. Manning brings the Swing Era vividly back to life with his recollections of crowded ballrooms and of Lindy hoppers trying to outdo each other in spectacular performances. His memories of the many headliners and film stars, as well as uncelebrated dancers with whom he shared the stage, create a unique portrait of an era in which African American performers enjoyed the spotlight, if not a star's prerogatives and salary. With collaborator Cynthia Millman, Manning traces the evolution of swing dancing from its early days in Harlem through the post-World War II period, until it was eclipsed by rock 'n' roll and then disco. When swing made a comeback, Manning's 30-year hiatus ended. He has been performing, choreographing, and teaching ever since.

When Mindy decides that she can't go to her jazz dance recital due to nerves, she is transported back in time to the Savoy Ballroom, where she, amidst all the legends of the swing era, can't stop from moving her feet to the beat!

"Black American jazz drummer William Henry "Chick" Webb led one of the big bands of the swing era, earning him the nickname the "King of the Savoy.""

In the 1930s, Lewis's dad, Lewis Michaux Sr., had an itch he needed to scratch—a book itch. How to scratch it? He started a bookstore in Harlem and named it the National Memorial African Bookstore. And as far as Lewis Michaux Jr. could tell, his father's bookstore was one of a kind. People from all over came to visit the store, even famous people—Muhammad Ali, Malcolm X, and Langston Hughes, to name a few. In his father's bookstore people bought and read books, and they also learned from each other. People swapped and traded ideas and talked about how things could change. They came together here all because of his father's book itch. Read the story of how Lewis Michaux Sr. and his bookstore fostered new ideas and helped people stand up for what they believed in.

"Hungry! Check the Green Book. Tired? Check the Green Book. Sick? Check the Green Book." In the late 1930s when segregation was legal and Black Americans couldn't visit every establishment or travel everywhere they wanted to safely, a New Yorker named Victor Hugo Green decided to do something about it. Green wrote and published a guide that listed places where his fellow Black Americans could be safe in New York City. The guide sold like hot cakes! Soon customers started asking Green to make a guide to help them travel and vacation safely across the nation too. With the help of his mail carrier co-workers and the African American business community, Green's guide allowed millions of African Americans to travel safely and enjoy traveling across the nation. In the first picture book about the creation and distribution of The Green Book, author Keila Dawson and illustrator Alleanna Harris tell the story of the man behind it and how this travel guide opened the road for a safer, more equitable America.

Why is this night different from all other nights? Every year when families gather for the Passover holiday, the youngest child poses that question as part of the poetic Four Questions near the start of the Seder. The answers are no less than the story of a people bound in slavery, their suffering in a foreign land, and their ultimate liberation — the story of Passover. Here the Four Questions are presented in breathtakingly luminous paintings by Ori Sherman. Whimsical animals parade through a unique format that can be read straight through in English or turned upside down to focus on the delicate Hebrew calligraphy and ingenious split-frame pictures. Each side of the Seder table can see its own variation of the richly colored scenes as elephants eat matzah, monkeys dip herbs into water, and lions recline in newfound freedom. Author Lynne Sharon Schwartz answers the questions with refreshing clarity, providing insight into the symbols and rituals of the holiday. Experience a glorious art book, a beautiful book for the kids who find the alikomen, and a wonderful way to experience Passover and its unique celebration of freedom.
